Presents

PERINATAL HOT TOPICS
18th Annual Nursing Conference

Space is limited, register early

April 27 & 28, 2017

7:00 Registration & Continental Breakfast – coffee, tea, fruit and danish

7:30 a.m. to 4:30 p.m.

Conference will be held at:
Hilton Arden West
2200 Harvard Street
Sacramento, CA 95815

COURSE INFORMATION

Upon receipt of the registration form, a confirmation letter stating course date, time, and location will be sent. If you do not receive confirmation in approximately 2 weeks, please contact our office immediately. Your confirmation letter will act as an acknowledgment of enrollment in the course. If you have questions prior to class, please call (916) 733-6333.

REGISTRATION INFORMATION

Registration deadline is one week prior to course date, or when the class limit is reached. Registration is by mail only and will be accepted on a first-come, first-served basis.

No spaces will be reserved by phone.
No onsite registration will be accepted.

CE INFORMATION

Provider approved by the California Board of Registered Nursing, CEP #07960, for 6.75 for each day attended. You must attend the entire day in order to receive your CE units which will be available at the close of each day.

REFUNDS

The registration fee will be refunded provided notice of cancellation is given in writing 14 days prior to course date. The registration fee will be refunded in full if, for any reason, the Continuing Education Consortium cancels the program.

FEATURED TOPICS:

Day 1:
- Ethical Issues and Viability
- Maternal Sepsis
- Dark Side of the Full Moon
- Maternal Mental Health
- Advances in Prematurity

Day 2:
- Maternal/Child Public Policy Updates
- Human Trafficking
- Antibiotic Stewardship and the NICU
- Active Shooter
- NAS
- Mindfulness and Self Care

COURSE OBJECTIVES

At the conclusion of this conference, participants will be able to:

- Understand statistics surrounding active shooter incidents in a hospital setting. Identify basic hospital wide considerations in drafting an active shooter plan. And be able to identify the three basic strategies associated with active shooter training.

- Identify symptoms for early recognition and how to manage the septic patient.

- Provide the clinical rationale in changing recommendations of antenatal corticosteroids treatment. Understand the reasons for a broader indication based on published data, and to appreciate the importance of timing and safety of dosing antenatal steroids.

- Identify and assess individualized psychosocial risk factors that contribute to perinatal mood and anxiety disorders. Describe common issues related to adjustment and maternal role and identify changes.
